Drag & Drop Editing

Move subjects and teachers across slots with simple drag-and-drop — instant conflict detection built in

One-Click Substitutions

Assign the best available substitute teacher in one click with AI-ranked 4-tier suggestions

Flexible Leave Types

Handle single-day absences, date ranges, and long-term leaves — each with scoped substitution coverage

Post-Generation Fine-Tuning

Manually adjust any generated timetable — hover suggestions show available teachers for each empty slot

Bulk Import & Export

Import teachers, assignments, and classes via CSV. Export timetables, reports, and data in Excel, CSV, or PDF

WHY CHOOSE NORA?

AI-First Engine

Nora AI Engine — constraint solver, not legacy rule-based software

Lightning Fast

Generates timetables in minutes, not hours or weeks

99% Fill Rate

Industry-leading accuracy vs ~80% with manual methods

Global School Aware

Any school type and academic stage possible, combination classes built-in

Cloud SaaS

No server setup, automatic updates, zero maintenance

Mobile Ready

Admin + Teacher apps included on iOS & Android
